To: Island Pressure Cleaning Company

From: Macedonia Baptist Church

This letter is being sent regarding the work that you have done for us at Macedonia Baptist Church. The work has been outstanding and we appreciate your service. As our members came on the grounds your work was noticeable and many recognized that there was something different about the building. We had many compliments on the outer appearance of the church, the steeple, and the parking lot. Your company has truly enhanced our sanctuary's curb appeal. We just can't thank you enough for the quality of work that you and your staff provided our church. I will be forwarding your company's name on to some of the surrounding churches for services they may need.

Yours in Christ,

Reverend Willie Richardson Jr.
