Island Pressure Cleaning
1275 5th Street
Vero Beach, Fl 32962

Dear Sharon, Cliff and Wayne:

I want to thank each of you and your hard working, well-mannered crew for the impeccable job that was done at our private residence a couple of weeks ago. We had no idea how dirty the exterior of our home was until after the walls, rafters, exposed roof decking and concrete decks dried. This is not an easy home to clean, though you left our home that we built in 2004, looking as if it just had been painted. Most impressive!

Although we have solely referred your company for roof cleaning over the past 20 years, this is the first time we used your services personally. You deserve the highest of accolades for the work that you do, in an industry that is burdened with part time cleaners and handy men, who have created what may appear to be a competitive market.

We recommend to any of your prospective customers, the secure licenses and proof of insurance from any comparative bids, in doing so they will most likely single your company out as the one to hire.

Thank you,

James R. Parks, owner
